NOTE FOR: DDI

Bob,

John thinks this should have gone to you with your Community hat on, and would appreciate your doing the response. I've attached information [redacted] provided.

[redacted] has the largest equity here, though, and could probably do the response for you. Have also attached an earlier "C-gram" he gave me for background.

Thanks.

MEMORANDUM FOR: Executive Assistant, Executive Director

FROM :

[REDACTED]
Chief, Planning Group/PMS

25X1

SUBJECT : Production Enhancement

Decided,

1. All of the production enhancement initiatives submitted by the DDI for FY 1983 were not funded. This was based on our understanding from the ICS that the program had been put in abeyance until a formal study of its merits could be accomplished. [REDACTED] group is in the final stages of preparing that study. Suffice to say that the ongoing enhancements program in the Directorate are proving to be a worthwhile endeavor:

All of the programs will carry on through FY 1983.

2. I am attaching a list of those new initiatives that "lapsed" for lack of funding for FY 1983.

Bob,

I'm afraid I'm not aware of this conversation between John and the DCI. Could you have your people get a head start in pulling together the information John will need for a response? Let us have what you can by Monday, ~~22~~¹⁵ March. If John has any other guidance then, we'll pass it on.

Thanks,
